SUMMARY

Creative developer with a passion for crafting intuitive and engaging mobile applications. Adept in Dart and Flutter, with a strong focus on creating seamless cross-platform experiences. Proficient in UI/UX design using Figma, Canva, and Sketch, with a keen eye for detail and user-centric design principles. Excellent problem-solving skills and a collaborative mindset, coupled with strong communication abilities. Eager to contribute to innovative projects and gain hands-on experience as an intern. Knack for sketching and designing.

PROJECTS

Dynamic Weather App

github.com/VivekJainPro/weather_app

- Developed a cross-platform mobile application using the Flutter framework, ensuring compatibility with both iOS and Android devices.
- The application delivers comprehensive temperature forecasts for Mumbai, offering real-time updates as well as daily predictions.
- Implemented dynamic icon functionality to reflect current weather conditions seamlessly.

Quiz App

github.com/VivekJainPro/quiz_app

- Created a quiz application using Flutter framework, centered around the theme of Flutter technology.
- Integrated multiple windows into a cohesive application, enhancing user interaction and navigation.

Currency Converter

- Developed a cross-platform application for effortless currency conversion between different currencies.

Self-Driving Car

- Spearheaded a team of 3 for an Arduino based physics project.
- Applied basic knowledge of Autocad to program Arduino UNO to detect black track using Infrared Sensors

EDUCATION

MHT-CET

2022 • 98%ile

HSC

Nirmala Memorial Foundation College • 2022 • 83%

SSC

Thakur Vidya Mandir High School • 2020 • 94%

CERTIFICATIONS

Robotronics/ Electrics Workshop

Online • 2021

- Learned programming Arduino UNO and Tinkercad software

ACHIEVEMENT

Ramakrishna Math

Mumbai • 2020

- Won the champion prize of the Inter-school elocution competition.

SKILLS

Front End: HTML, CSS, JavaScript

App Dev : Dart, Flutter

UI/UX Design: Figma, Canva, Sketch

Other programming languages: C , C++, Java, Python
